FORWARD-LOOKING STATEMENTS

Certain written and oral statements contained or made in this presentation and discussion constitute “forward-looking information” within the meaning of applicable securities laws in each of the provinces of Canada and the respective policies, regulations and rules under such laws and “forward-looking statements” within the meaning of the U.S. Private Securities Litigation Reform Act of 1995 (collectively, “forward-looking statements”). The words “will”, “expects”, “intends” and similar expressions are often intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Specific forward-looking statements in this presentation and discussion include, but are not limited to: expectations regarding the performance of the assets and business of Algonquin Power & Utilities Corp. (“APUC” or the “Company”); expectations with respect to the timing and amounts of APUC’s growth plans, earnings, cash flow and dividend amounts; expectations regarding APUC’s liquidity position; expectations regarding expense reductions; expectations regarding regulatory hearings, motions, filings and approvals; and expectations and plans with respect to current and planned capital projects and expenditures. These statements are based on factors or assumptions that were applied in drawing a conclusion or making a forecast or projection, including assumptions based on historical trends, current conditions and expected future developments. Since forward-looking statements relate to future events and conditions, by their very nature they require making assumptions and involve inherent risks and uncertainties. APUC cautions that although it is believed that the assumptions are reasonable in the circumstances, these risks and uncertainties give rise to the possibility that actual results may differ materially from the expectations set out in the forward-looking statements. Material risk factors and assumptions include those set out in APUC’s most recent annual and interim Management Discussion & Analysis and Annual Information Form. Given these risks, undue reliance should not be placed on these forward-looking statements, which apply only as of their dates. Other than as specifically required by law, APUC undertakes no obligation to update any forward-looking statements to reflect new information, subsequent or otherwise.

NON-GAAP FINANCIAL MEASURES

The terms “adjusted net earnings”, “adjusted net earnings per share” (“Adjusted EPS”), “earnings before interest, taxes, depreciation and amortization” ("EBITDA"), “adjusted EBITDA”, “adjusted funds from operations”, “net energy sales”, “net utility sales” and “divisional operating profit” (together the “Financial Measures”) may be used in this presentation and discussion. The Financial Measures are not recognized measures under U.S. GAAP. There is no standardized measure of the Financial Measures, consequently APUC’s method of calculating the Financial Measures may differ from methods used by other companies and therefore they may not be comparable to similar measures presented by other companies. A calculation and analysis of the Financial Measures, including a reconciliation to the U.S. GAAP equivalent, where applicable, can be found in APUC’s most recent Management Discussion & Analysis. A reconciliation of certain of the Financial Measures used in the presentation to their corresponding U.S. GAAP measures can also be found in Appendix - Reconciliation of Non-GAAP Financial Measures beginning on page 15 of this presentation.

FINANCIAL IMPACTS OF COVID-19

Curtailment of collections impacted accounts receivables
• Increased our over 60 days past due accounts receivables
• Resumed normal collections procedures in several jurisdictions in July

Reduced Regulated Services Group operating profit
• Changing consumption patterns and decreased customer demand
• Reduced Q2 divisional operating profit by ~$9.6 million on year-over-year basis
• Will be seeking recovery in all regulatory jurisdictions

Effective cost containment strategies
• Achieved ~$5 million in cost savings in Q2
• Additional ~$10 million in savings expected in H2 2020
• No impact to quality and reliability of service to customers and communities
LIQUIDITY UPDATE

Equity Offering and ATM Program

• Gross proceeds of $845 million
• Over $3 billion of available liquidity

AQN added to the S&P/TSX60

• Anticipated to generate additional trading volumes
• Increase AQN’s visibility to international investors

*Equity needs prudently secured for duration of 2020 and into 2021*
